JAPANESE WANT COAL DEPOT HERE

That a large supply of Japanese coal may be deposited at Honolulu soon, presumably as a commercial venture, is indicated by inquiries now being made here by H. Yokatake, representing the great Japanese coal merchants Mitsui & Co. Mr. Yokatake has been doing some quiet prospecting along the waterfront, and has his eyes wide open for a possible site for a coal depot, together with landing rights and facilities for such colliers as might be used to keep the local pile up to full strength.

This morning Mr. Yokatake called at the naval station, and held a conference with the commandant as to the possibility of selling Japanese coal to the navy. Admiral Cowles informed him that all the navy coal was shipped here by the department direct and that no local purchasing was done.

Yesterday, however, Mr. Yokatake put in some of his time looking over the land proposition, "just in case my company might want to locate a branch here," as he expressed it. He made particular inquiries as to when the navy was to move its establishment to Pearl Harbor, and if there was any chance of a commercial concern securing the present naval wharves.

The only user of Japanese coal here at the present time is the army, the transports burning this grade of fuel. The Army pile is supplied by the animal transport Dix, purchases being made in Japan. The Dix is to bring 9000 tons in the near future, to replenish the army pile, which is now very low.

Mr. Yokatake has been London representative of his company for the past seven years, and is a gentleman well posted in world politics. He arrived on the Sibuya yesterday, and thought it well worth his while to stop over and size up the local situation.

DIVINES AT EXERCISES

With Episcopal divines from all over the Territory and many prominent local laymen in attendance, the jubilee celebration of the founding of the Episcopal Church in Hawaii began today.

The formal occasion is the tenth annual meeting of the Convocation of the Missionary District of Honolulu, taking place at St. Andrew's Cathedral. With Bishop Willis, formerly of Honolulu, now of Tonga, in attendance, the commemorative exercises are the most noteworthy yet held.

This morning was devoted to celebration of the Holy Communion, a splendidly solemn and impressive ceremony, with Bishop Restarick as celebrant. The meeting of the convocation for business was begun at 2:30 this afternoon, Bishop Restarick presiding.

During the week of the jubilee exercises there will be many interesting reports on church work and mission work. The program for today and tomorrow follows:

Saturday, May 25.

Celebration of the Holy Communion at 10 a. m. Celebrant, the Bishop, Epistoler, the Rev. D. D. Wallace, Gospeler, the Rev. F. W. Merrill.

Meeting of Convocation for organization in the Memorial Hall immediately after the service. Meeting of convocation for business at 2:30 p. m. in the Memorial Hall.

Whitsunday, May 26.

Celebration of the Holy Communion. The Rev. W. H. Fenton, Epistoler, the Rev. J. K. Boel, Gospeler, the Rev. W. S. Short.

9:15 a. m.—Hawaiian service. Celebration of the Holy Communion by the Rt. Rev. Alfred Willis, D. D.; preacher, Bishop Willis.

11 a. m.—Celebration of the Holy Communion. Celebrant, the Rt. Rev. the Bishop of Honolulu; Epistoler, the Rev. Canon Potwine; Gospeler, the Rev. D. D. Wallace. The Bishop at this service will deliver his annual address.

3 p. m.—Dedication of St. Mary's Mission House, Moiliili. Clergy please come with vestments. All interested are invited.

7:30 p. m.—United service. Short addresses; The American Indian, the Rev. F. W. Merrill; Tonga, by Bishop Willis.

DOUTHITT SCORES HIT AS STAGE MANAGER

Wm. Douthitt, who made the stage arrangements for the Punahou Dramatic Club last year, the recipient of many compliments from the visitors and faculty of the school, Douthitt arranged the stage in such an artistic and appropriate way that at the end of the program he was complimented most highly by the appreciative audience.

Two eggs; one cupful of sugar; one cupful of milk; flour to thicken, one tablespoonful of butter; one large teaspoonful of baking powder; one teaspoonful of salt; one teaspoonful of nutmeg. Rub the butter and sugar together, and add the beaten eggs, salt and milk. Stir the powder in a little of the flour, and add this to the mixture, together with the dough and just enough of the flour to admit of rolling out. The softer the dough is made the lighter and more tender will be the doughnuts when cooked. Fry in very hot fat as above; and when the cakes are cold, roll them in sugar.

Clothes of Quality

We are without a doubt showing the best and largest line of Quality Clothes in town today. Every suit this season represents the best there is in workmanship and style.

You'll appreciate what good clothing is when you see this line. We offer every possible advantage in purchasing one of these suits.

commendation of the committee, though their salaries were allowed for the time Wilson has been suspended from active school work, pending the report of the committee.

Salary Raises.

The commission, on a resolution offered by Rice, decided to grant a salary of \$40 per month to all teachers who have graduated from the accredited high schools, the salary to be in effect from the beginning of the school term in October. This means that five or six high school graduates who were employed at that time and have been working for less than \$40, will now receive back pay equal to the difference between the amount they have actually received and the salary granted by the board.

Commissioner Allen, in discussing this matter, said it was the general understanding of the commission that Superintendent Pope was to pay this amount, though no motion to that effect had been made at the last meeting of the board, in January. Pope explained he could not take action unless the board formally authorized him to do so, and permitted their action to become a part of the minutes of the meeting. This had not been done at the last semiannual session.

Many Ask Sick Leave.

The report of the superintendent showed a large increase in the number of instructors taking advantage of the sick leave rule adopted at the commission's last meeting. On the motion of Commissioner Stanley the board decided that hereafter no leave of absence unless the application be accompanied by a certificate from a qualified and recognized physician.

The report of the committee of principals on the proposed vocational school was read, but no action was taken this morning.

TWO EXCELLENT IDEAS

The best way of whitening kitchen tables is to scour them with wood ashes and soap. Floor can be also most effectively scrubbed with cold water, soap and wood ashes.

A cork soaked in oil makes a good substitute for a glass stopper.

All strikes in Chicago have been eliminated for one year. A number of labor unions have agreed that any disputes arising under the new contracts shall be referred to arbitration.

After a two hours' running fight with a posse of citizens, four robbers who had blown open the vault in the bank of Midland, Ark., escaped with their loot, valued at about \$8000.

As a result of a modification by Judge Curtis of the injunction order issued by the superior court against the Windsor Locks Savings bank, that institution will resume doing business.

Parboil and cut in even-sized pieces; sprinkle with salt and pepper, dip them first in beaten egg and then in bread or cracker crumbs, and fry in hot fat. When well browned on both sides, place them on a platter. Turn out part of the fat in which they are fried, leaving in the pan only one tablespoonful. Stir into this hot fat one tablespoonful of flour, and stir well until frothy; then set the pan back a little and gradually add one cupful of milk, stirring all the time. Season with salt and pepper, and cook about two minutes. Strain and pour over the sweetbreads. Fried sweetbreads are served in many ways. They are often dressed with green peas.

Serve pumpkin pie with whipped cream and pecan nuts over the top for a change.

Summer Footwear in the New REGAL Styles

The new REGAL Shoes just received are perfect examples of the accepted Colonial styles, being built on the latest Paris and New York custom models.

SAYS CHRIST WOULD GO TO JAIL FOR HIS TEACHING HERE

WASHINGTON, April 29.—Senator Works of California asserted in the Senate that if Jesus Christ were practicing his healing in New York today as he did in Judea nineteen hundred years ago, he would be subject to fine and imprisonment under the laws of that State.

Senator Works, a Christian Scientist, was speaking in opposition to the Owen bill to establish a Government department of public health.

He charged that the bill was part of a concerted scheme of the American Medical Association to obtain legislation to perpetuate the power of the regular school of medicine.

He said it was a mercenary attempt of doctors alone to establish a medical bureau independent and free from control by any department of government, with a regular physician at its head, whereby all other schools of medicine and models of healing would be placed at the mercy of the regular school.

Senator Works contended that efforts of doctors to monopolize healing had of late been directly chiefly against Christian Scientists and their mode of healing, and he said he could fill the Capitol with conscientious and reliable men and women who would bear witness to their healing by Christian Science and their faith in its efficacy.
